OBJECTIVE

I'm an energetic and passionate student coursing my career of Industrial Engineering with focus on Quality. I'm looking forward to utilizing my knowledge of process analysis, statistical methods, and continuous improvement, to satisfy the needs of your company. All of this, while maintaining an attitude of service and willingness to learn.

EDUCATION

[Certificate in Directive Formation] | [ULSA Noroeste]

[AUG 2017] – [DEC 2017]

Skills for strategical planning, conflict solution techniques, quality of service, financial strategies, teamwork, emotional intelligence.

[Industrial Engineer with focus on Quality] | [ULSA Noroeste]

[AUG 2015] – [GRADUATED DEC 2019]

Skills based on statistical methods, planning, production control, budget and cost, quality management, inventories, ISO 9000, ergonomics.

EXPERIENCE

First Gen Internship program | [PepsiCo]

[DEC 2018] – [APR 2019]

Part of an internship where I developed my leadership skills while functioning as support of a production line. Also, part of the Lean department supporting the realization of different Kaizen projects and interdisciplinary appliance of knowledge.

Sales representative agent | [Intugo]

[AGO 2017] – [DEC 2018]

Telephone agent in a bilingual company in charge of finalizing sales with customers interested in our products. Formed part of the top 10 agents throughout my stay.

SKILLS
